Achievements & Awards

HackaDev 2019 Winners - Organized
by UNDP

HackaDev 2018 Semi finalists -
Organized by UNDP

OBJECTIVE

Passionate and result driven personality with appetite for Software Architecture and Design, Web Development and Artificial Intelligence. I am seeking a role which allows me to continue learning and perfecting my skills as I provide high-quality work, and encourages me to flourish as a Software developer.

EXPERIENCE

Jaffna Basar

01/2019

Software Developer

- Present

- * Designed, implemented and monitored web pages and sites for continuous improvement.
- * Created eye catching and functional digital design concepts across various platforms to strengthen company brand and identity.

Website : www.jaffnabasar.com

Coder Dojo

10/2018

Project Manager

- Present

- * Closely collaborated with project members to identify and quickly address problems.
- * Developed process improvement initiatives and analyzed problems to create corrective action strategy.
- * Worked with senior leadership to ensure complex projects were completed on time and under budget.

SSCreation

12/2018

Web developer

- Present

- * Planned, developed, tested, deployed, and maintained web applications.
- * Provided effective troubleshooting and remediation for web applications.
- * Wrote SQL statements and stored procedures.
- * Worked well independently and within a team setting.
- * Effectively translated client requirements into application designs and systems requirements.
- * Followed policies and procedures related to application methods and quality standards at all times.
